

Ebury Summer Fest

Summertime is always fun at Ebury Edge and this year was no exception. Local families and kids got involved in lots of exciting (and educational) activities. All funded through the Community Chest which is supported by our Phase 1 contractors Bouygues UK. A special thanks goes to Carly's Angels, Pimlico Toy Library, Energy Garden, WBWT and BYUK.

Carly's Summer Fest – Let's play together

Carly's journey at Ebury Edge has been great so far, with the group recently setting up a forest school and a whole summer programme for local kids aged 4 to 11 at Ebury.

Carly's Angels was founded in 2011 and has been operating locally twice a week (Wednesday and Thursday) since 2021 at Ebury Edge Community Space.

The Summer Fest was a great success, with a wide range of engaging and creative activities for local children. The sessions included an 'insect experience', gardening, building sessions and sensory playing.

The Westminster City Council Regeneration team continues to be available to support and provide information about the Regeneration Project.

Feel free to contact us at eburybridge@westminster.gov.uk

Pimlico Toy Library – Look at that tarantula

Maggie and Sheila, from the Pimlico Toy Library have done a fantastic job organising exciting and adventurous sessions at Ebury Edge this summer.

Local children (both from Ebury and the surrounding area) had the opportunity to see some of the cutest, rarest if a little scary at times, animals on the planet. From tarantulas, snakes and owls, to ermines and iguanas these sessions have been a roaring success. Both the kids and the parents loved it and had a great time while learning about the animals.

A special thanks goes to these two animal lovers: Safari Pete and Jason from Falconry UK, for their enthusiasm and professionalism. They helped spread the love towards both well-known and less conventional animal species by educating pupils to appreciate and get curious about them.

Energy Garden – The power of nature

Well done to Beatrice from Energy Garden for organising a series of workshops together with Pimlico Toy Library, about greening and gardening at Ebury Edge.

The children were very interested in learning about the plants and food growing. They watered the vegetable garden, helped removing the weeds and harvested lettuce.

Westminster Bangladeshi Welfare Trust – Let's go to Legolaaaand

Also as part of the summer programme, Mr Miah, an Ebury resident, delivered community activities and organised family day trip via his Westminster Bangladeshi Welfare Trust. He's normally based in Dryburgh Hall and has recently organised a daytrip to Legoland for the Ebury families.

To the right, is a photo from the day. More activities will come and will be based at Ebury Edge, stay tuned for more info.

CPG site visit – What a view

On Tuesday 6 August, the Community Partnership Group had the opportunity to visit one of the flats that has been completed in Block 8.

The group visited the shared communal terraces on the 12th floor, as well as the basement, where all the pipes and “the brain of the building” are located. The residents were positively impressed with the progress, as well as with the final look of the flat, terrace and the breathtaking view.

Ebury Time Capsule

Would you like your drawings, artworks, poems or any creative piece to go into the Ebury Time Capsule?

Send them to us via email to eburybridge@westminster.gov.uk or pop by the Ebury Edge Office on Wednesday (green unit at the first floor), between 10am and 5pm.

To give you some ideas you could choose between: Leisure, what we eat, how we travel, how we communicate, the meaning of home. The time capsule will be buried in October with the idea for it to be found again in about 50 years! We will send you the event details closer to October.

Energy Garden – Weekly community gardening sessions

Join us for our weekly community gardening sessions! Wednesdays 4:30pm to 6pm in the garden Ebury Edge courtyard.

Tasks include seeding, planting, weeding, watering and harvesting. All are welcome, tools are provided, no previous gardening experience is necessary.
