

McLaren joins Ebury ahead of Phase 2 Regeneration

We're pleased to announce that experienced contractors McLaren Construction have been selected to work with the council on the initial stages of Phase 2.

McLaren will deliver a Pre-Construction Services Agreement (PCSA) which is used to finalise designs before the main work begins. Should McLaren perform well during this initial period they will be considered to deliver the major construction work on Phase 2 of the scheme.

The Westminster City Council Regeneration team continues to be available to support and provide information about the Regeneration Project.

McLaren appointed for Ebury

The appointment was made as part of a competitive tender process, which Ebury residents took part in. As you may be aware, Phase 1 of the regeneration is nearing completion. We have worked with Bouygues UK to build Phase 1 and we're all excited for the forthcoming milestone when residents will be able to move into their new homes.

Stay tuned for an opportunity to meet McLaren and join us at a 'meet the contractor' event in the coming months.

Ebury Time Capsule – A Bridge to the Future

We're hosting an Ebury community Time Capsule event on Friday 25 October, at Ebury Edge and Phase 1 landscape area, from 12pm to 2pm.

The council and Bouygues UK are collaborating with the Community Partnership Group, St Barnabas and Ebury residents, to collect materials about the Ebury community and the estate.

If you would like to attend the ceremony, please email eburybridge@westminster.gov.uk or call 0800 011 3467.

It is also not too late to provide drawings, photographs, poems, objects, or anything you'd think describes Ebury and what it is like to live in the area. Send your item to eburybridge@westminster.gov.uk or bring it to our Ebury Edge office on Wednesdays between 10am and 5pm.
